AGRICULTURAL STATISTICS OF INDIA

1912-13

VOLUME II—NATIVE STATES

Report

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
DEPARTMENT OF REVENUE AND AGRICULTURE.

SIR,

I have the honour to submit the second volume of the new series of Agricultural Statistics. They deal with the Agricultural Statistics of Native States as far as reported for the year 1912-13. As in the first volume, summary tables have been inserted to show the total figures relating to area, the classification of area, and the area under crops for each State or group of States and the totals for all the reporting States. Explanatory notes have been inserted as footnotes to the tables. Two charts and an index for easy reference have been added to the volume. It should be noted that, for reasons explained below, the Agricultural Statistics of Native States are incomplete and are of far less accuracy than are those of British Provinces published in volume I.

The statistics are compiled from annual returns furnished by the State Durbars through the political officers. Information, so far as available, regarding the sources from which the figures are collected in the different States is given in the footnotes to the respective tables for each State. The statistics consist of six separate tables, namely, I—Area; II—Classification of area; III—Area under crops; IV—Live stock, ploughs and carts; V—Land Revenue Assessment; and VI—Transfers of property in land. The totals of the figures given in tables I, II, and III are not shown in the summary tables as they are very incomplete owing to the absence of returns from a number of States. In addition to these tables there is an appendix which gives the meaning of vernacular terms used in the volume.

The total area of Native States in India is some 498,000,000 acres (778,000 square miles), with a population of 72 millions according to the census of 1911. These are divided for purposes of Agricultural Statistics into two main classes, namely, (1) States under the control of Local Governments and Administrations, (2) States having direct political relations with the Government of India. (1) *States under the control of Local Governments and Administrations.*—The total area of these States is 181,478,000 acres, with a population of some 27 millions. They are divided into the following main groups:—

	Area Thousand Acres	Population Thousands.
Bombay States	10,851	7,412
Madras States	6,791	4,812
Punjab States	24,511	4,213
Bihar and Orissa States	18,335	3,945
Central Provinces States	19,960	2,117
Burma States (including Shan States)	39,024	1,540

	Area Thousand acres.	Population Thousands
North-West Frontier Province States (including tribal areas)	10,239	1,379
United Provinces States	4,345	832
Bengal States	3,452	823
Assam States	7,970	346
Total	181,478	27,419

The total areas of all these States (with the exception of the Shan States in Burma and the tribal areas in the North-West Frontier Province) are included in the areas of the several British Provinces shown in column 2 of Table I of Volume I (British India), but are shown separately in column 3 of that table in order to arrive at the net area of British territory (in column 5) dealt with in that volume. Of these States, agricultural statistics are available only for the following twenty-eight States in the Madras Presidency and the Punjab and are dealt with in this volume :—

	Area Thousand acres	Population Thousands
<i>Madras States—</i>		
Travancore	4,868	3,429
Cochin	905	918
Pudukkottai	754	412
Banganapalle	163	39
Sandur	101	14
<i>Punjab States—</i>		
Patiala	3,795	1,408
Jind	853	272
Nabha	620	249
Bahawalpur	12,700	781
Sirmur (Nahan)	631	139
Kalsia	122	56
Pataudi	34	20
Loharu	143	19
Dujana	57	25
Kapurthala	417	268
Malerkotla	107	71
Faridkot	412	130
Simla Hill States (comprising Bushahr, Jubbah, Theog, Kumbhairsain, Khaneti, Bilaspur, Baghal, Ghund, Mehlog, Baghat, and Madhan)	3,231	276
Total	29,913	8,520

(2) *States having direct political relations with the Government of India.*—
These are divided into the following main groups :—

	Area Thousand acres.	Population Thousands.
Hyderabad	52,927	13,375
Baroda	5,236	2,033
Kashmir	54,036	3,158
Mysore	18,859	5,806
Rajputana States	82,552	10,530
Central India States	49,515	9,357
Baluchistan (Native)	51,462	420
Sikkim	1,804	88
Total	316,391	44,767

No agricultural statistics are available for Hyderabad, Baroda, Baluchistan (Native), or Sikkim. Of the remainder, returns are received only from the following eighteen States :—

	Area Thousand acres.	Population Thousands.
Mysore	18,859	5,800
Kashmir	54,036	3,158
<i>Rajputana States—</i>		
Jaipur	9,971	2,637
Bikaner	14,922	701
Marwar	22,410	2,058
Tonk	1,644	303
Alwar	2,038	792
Kishangarh	519	87
Bharatpur	1,263	559
Jhalawar	527	96
Kotah	3,638	639
<i>Central India States—</i>		
Gwalior	16,511	3,102
Indore	6,080	1,008
Bhopal	4,400	730
Rajgarh	614	127
Narsingarh	409	110
Barwani	751	109
Nagod	324	75
Total	159,009	22,097

The total area of all the forty-six reporting States thus amounts to 188,922,000 acres, with a population of nearly 31 millions. These States, therefore, represent 38 per cent of the total area, and 43 per cent of the total population, of all the Native States in India. The dates from which the returns of Agricultural Statistics have been prepared in these forty-six reporting States are as follows :—

Mysore	1886-87
Jaipur	1892-93
Gwalior	1896-97
Bikaner, Marwar, Tonk	1898-99
Alwar, Bharatpur, Kishangarh, Jhalawar, Kotah	1900-01
Indore, Rajgarh, Narsingarh, Nagod, Patiala, Jind, Nabha,	1907-08
Bahawalpur	1908-09
Pudukkottai, Banganapalli, Sandur, Cochin, Travancore,	1910-11
Bhopal, Barwani, Sirmur, Kalsia, Pataudi, Loharu, Dujana,	
Kapurthala, Malerkotla, Faridkot, Simla Hill States	
Kashmir	

It will thus be seen that owing to this gradual development in the number of reporting States, the statistics for the year of report (1912-13) are strictly comparable only with those of the immediately preceding two years, namely, 1911-12 and 1910-11. It may be noted here that arrangements are being made by His Highness the Nizam's Government to prepare agricultural statistics for the Hyderabad State. The statistics for this State, when prepared, will fill the biggest gap in the Agricultural Statistics of Native States in India.

The period covered by this volume is the quinquennium ending 1912-13. The returns for each State, however, relate to the dates as stated below,

so far as information is now available :—

Bikaner, Sandur, Banganapalle	year ended 31st March
Indore	" in June
Mysore, Gwalior, Nagod, Pudukkottai, Rajgarh	" 30th June
Travancore, Cochin	" in August
Jaipur	" 31st August
Kishangarh	" in September
Merwar, Kotah, Jhalawar, Bhopal, Barwani	" 30th September
Tonk, Narsingarh, Bharatpur, Alwar	" 31st October

ble I,
tal area

From the total area of all the forty-six reporting States (188,922,000 acres), deduction must be made for 106,734,000 acres for which statistics are not available. These comprise chiefly unsurveyed areas and lands held on jagir, muafi, and other privileged tenures. The net area actually covered by these statistics is, therefore, only 82,188,000 acres by professional survey,* or 81,875,000 acres according to village papers.*

ble II,
ssification of area

	Thou-sand acres	Per cent	shown in the margin. About
Forests	9,716	11.9	9,716,000 acres, or 12 per
Not available for cultivation	19,946	24.4	cent of the total, are occupied

Total	81,875		unculturable, or covered by
			buildings, water, and roads,
			or otherwise appropriated to

uses other than agriculture, amounts to 19,946,000 acres or 24 per cent. The balance, 52,213,000 acres, or 64 per cent, represents the area available for cultivation. Of this, 15,778,000 acres, or 19 per cent of the total area, represent culturable waste, *i.e.*, land available for cultivation but not taken up, and 6,037,000 acres, or 7 per cent, were kept fallow in the year under report. The net area actually cropped in the year was thus 30,397,000 acres, or 37 per cent of the total area, as against 27,863,000 acres in the preceding year. This net cropped area (30,397,000 acres), however, excludes areas cropped more than once in the year. If areas cropped more than once are taken as separate areas for each crop, the gross area cropped in the year of report amounts to 32,489,000 acres as against 30,050,000 acres in the preceding year.

igation.

The total area irrigated in the reporting States in 1912-13 was 5,933,000 acres as against 5,858,000 acres in the preceding year. Of this 2,020,000 acres were irrigated from Government canals, 648,000 acres from private canals, 847,000 acres from tanks, 1,375,000 acres from wells, and the remaining 1,043,000 acres from other sources of irrigation. These figures, however, do not take into account areas cropped more than once during the year with the help of irrigation, but indicate the extent of land actually irrigated. If areas cropped more than once are counted as separate areas for each crop, the gross area of irrigated crops amounts to 6,400,000 acres, against 6,137,000 acres in the preceding year. Of this area, 5,600,000 acres, or 87 per cent, were under food crops and 800,000 acres or 12 per cent under non-food crops.

le III.
under crops.

The gross area cultivated with crops in the reporting States was, as stated above, 32 million acres in 1912-13 as against 30 million acres in the preceding

	Thou-sand acres.	Per cent of total.
Food-grains	24,489	76.7
Condiments and spices	244	.8
Sugar	131	.4
Fruits and vegetables	505	1.65
Miscellaneous food-crops	1,025	3.2
Total food-crops	26,394	82.7
Oil seeds	2,051	6.4
Fibres	1,534	4.8
Dyes	8	
Drugs and narcotics	239	.9
Fodder crops	1,266	4.0
Miscellaneous non-food crops	366	1.2
Total non-food crops	5,514	17.3

year, or an increase of 7 per cent. The different classes of crops and the area occupied by each are stated in the margin. Of the total cropped area, food crops occupied about 26,394,000 acres or 83 per cent and non-food crops about 5,514,000 acres or 17 per cent. Of the food-crops, food grains (cereals and pulses) occupied as much as 24,489,000 acres or about 77 per cent of the total cropped area, and other food crops (condiments and spices, sugar, fruits and vegetables, and miscellaneous food crops) together occupied some 1,905,000 acres or only 6 per cent of the total. Of non-food

* For explanation of the terms "professional survey" and "village papers," see footnote to Table I (page 6) and the Report prefixed to Volume I.

crops, oilseeds occupied 2,051,000 acres or 6 per cent of the total cropped area, fibres such as cotton, hemp, etc. occupied 1,534,000 acres or 5 per cent of the total, and fodder crops occupied 1,266,000 acres or 4 per cent. The other non-food crops—dyes, drugs and narcotics (tobacco, tea, coffee, opium, etc.), and miscellaneous non-food crops—together occupied some 663,000 acres or about 2 per cent of the total.

The area under food grains (24,489,000 acres) showed a net increase of 2,121,000 acres or 9 per cent as compared with the preceding year. The

	Thousand acres.		Increase (+) Decrease (—)
	1911-12.	1912-13.	
Rice	2,483	2,478	—5
Wheat	4,175	4,302	+ 217
Barley	1,335	981	—354
Jawar	3,035	3,640	+ 605
Bajra	1,253	2,630	+ 1,377
Ragi	2,282	2,394	+ 132
Maize	979	1,063	+ 84
Gram	4,041	3,522	—519
Other grains and pulses	2,805	3,889	+ 584

actual increase or decrease under each kind of grain is stated in the marginal table.

It will be seen that while rice, barley, and gram showed an aggregate decrease of 878,000 acres, wheat, jawar, bajra, ragi, maize and other grains and pulses showed an aggregate increase of 2,999,000 acres.

Oilseeds (linseed, sesamum, rapeseed, mustard, etc.) showed an aggregate increase of 66,000 acres or 3 per cent. The area under sugar increased by 3,000 acres or 2 per cent and that under fodder crops by 210,000 acres or 20 per cent. On the other hand, the area under fibres (cotton, hemp, etc.) decreased by 63,000 acres or 4 per cent, fruits and vegetables by 97,000 acres or 16 per cent, condiments and spices by 4,000 acres or 1·6 per cent, and drugs and narcotics by 7,000 acres or 2·4 per cent.

The total extent of land on which more than one crop was raised during the year was 2,192,000 acres as against 2,187,000 acres in the preceding year.

Tables IV, V, and VI are very incomplete, as figures for these tables are not furnished by many of the reporting States. Table IV is prepared by only eighteen States, namely, Mysore, Cochin, Gwalior, Indore, Bhopal, Rajgarh, Narsingarh, Barwani, Nagod, Bikaner, Marwar, Jaipur, Kishangarh, Alwar, Bharatpur, Jhalawar, Tonk, and Kotah. According to the latest statistics, the total number of live-stock of the bovine class (bulls and bullocks, cows, buffaloes, and calves) in these eighteen States is 13,759,000, that of the ovine class (sheep and goats) 8,141,000, and that of horses and ponies, mules and donkeys, and camels 399,000. The numbers of ploughs and carts are 1,849,000 and 522,000, respectively.

Table V (Land revenue) is prepared by sixteen States, namely, Mysore, Cochin, Gwalior, Indore, Bhopal, Rajgarh, Narsingarh, Barwani, Bikaner, Marwar, Jaipur, Alwar, Bharatpur, Jhalawar, Tonk, and Kotah; and Table IV (Transfers of land) is prepared by only four States, namely, Mysore, Cochin, Barwani, and Alwar.

The Appendix explains vernacular terms used in this volume, and the charts illustrate (1) the classification of the total area showing the proportion of cultivated and uncultivated lands, and (2) the total area cropped in 1912-13 with shares of food and non-food crops.

I have the honour to be,

Sir,

Your most obedient Servant,

DEPARTMENT OF STATISTICS, }
Calcutta, May 26, 1915. }

G. FINDLAY SHIRRAS,
Director of Statistics.

Column 2.—The professional survey is that carried out by the Survey of India in Northern India, and by the corresponding Departments in Southern India. In States where there has been no professional survey, the figures are based on the best information available.

Column 3.—In this column is deducted the entire area for which the statistics required for Tables II and III are not forthcoming in whole or in part. This area comprises chiefly estates held on privileged tenures which have not yet been surveyed and which possess at present no agency for the annual collection of agricultural statistics. As surveys extend and the organisation of village statistical establishments develops, the area in this column is reduced, and that entered in the next columns (4 and 5) and dealt with in Tables II and III is correspondingly increased.

Columns 4 and 5.—Column 4 is a check on the accuracy of column 5. In the latter, "village papers" means "the papers prepared by the village accountants." In States where no village papers exist, or where the source of information is the same for both the survey and the village papers, the figures in column 4 are necessarily repeated in column 5. The area in village papers may differ somewhat from that given by the Survey Department, (a) because, while the survey area is calculated in block, the area by village papers represents the added total of field and village areas; and (b) because the system followed as regards the inclusion or exclusion of areas covered by water, buildings, roads, and railroads is not always uniform in the two sets of returns.

(a) The statistics collected in 1908-09 have been repeated for 1909-10, 1910-11, and 1911-12, as information could not be collected owing to pressure of work connected with the revenue settlement of the State.

(b) Figures for 1909-10 repeated.

(c) Previous year's figure repeated.

(d) Column 3 states the area of unsurveyed forests.

See explanations given in the footnotes (page 6)

(a) Column 3 states the estimated area of Jagir Suthalia which is now being surveyed

(b) Column 2 states the area of the State as ascertained by revenue survey. Column 3 states the entire area of jagir villages

(c) Column 2 excludes forest areas comprising about half of the total area of the State, the area of forest villages managed by the Forest Department, and about 6,080 acres of 6 unsettled jagir villages

(d) Returns for 1910-11 having not been received, the figures for 1909-10 have been repeated

(e) Column 3 states the areas of jagir and other alienated lands

(f) Column 2.—As there has been no revenue survey so far, this column states the area of the State according to the best information available. Column 3 states the areas of jagir and musaf villages, the boundaries of which have been demarcated, but for which the statistics required for other tables are not available. Columns 4 and 5.—In the absence of any revenue survey data, the figures in column 5 are repeated in column 4

(a) Column 2 states the area of the State according to Settlement records

(b) Statistics are furnished by eleven States of this group, namely, Lushahi, Jubbah, Theog, Kumbhain, Khanoti, Bilaspur, Baghal, Ghund, Mohlog, Baghat and Madhan, the last two but one from 1910-11 and the last one from 1911-12. They represent about 86 per cent of the aggregate area of all the States comprised in the group. The returns, however, relate only to the settled portions of the reporting States, except Bilaspur, Baghal, and Mohlog for which complete returns have been received. Column 2 states the area of the settled portions of the States named above, except Bilaspur, Baghal and Mohlog for which the whole area is included

(a) Column 2 states the area of the State as ascertained by revenue survey. Column 3 exhibits the area of jodi, kayam-gutta and sarvamanayam villages, and jagirs for which the statistics required for the other tables are not available at present. Column 5.—The figures in column 4 are repeated

(b) Column 3 states the estimated area of jagir, muafi, ubari, tanka, istamar and such other villages as are still unsurveyed

(c) Column 2 states the whole area of the State excluding the areas covered by the Indore Residency, the Mhow Cantonment and the Hrapur Thakurats. Column 3 states the areas of jagir, istamar and forest villages, and also of some of the outbandi villages

(d) Column 3 states the areas of jagir and such other villages as are still unsurveyed; it also includes the areas which formerly were parts of jagir villages, but which, after the completion of the settlement operations, either lapsed to or were resumed by the State

(e) Column 3 states the areas of jagir and such other villages as are still unsurveyed. It also includes the area of those khalsa villages which have not yet been regularly assessed; these are chiefly the latest acquisition to khalsa under the law of escheat. Columns 4 and 5.—The area by village papers does not differ from the area by survey, for, although differences occur under the different classes of soil, the total area of each village is the same in both cases

(a) Details not available

(b) Column 2 states only the khalsa area, forming about one-third of the whole area of the State. The whole area of the State according to the Census of 1911 is 9,970,560 acres which is shown in table No. 5. Column 3 states the area of detached revenue-free plots situated in khalsa villages

(c) Column 3 states the area of jagir villages

(d) Columns 2 and 4 state the area of the State according to the professional survey of 1855. Column 5 states the area of the State according to the settlement records

(e) Column 3 states the area of entire jagir and musli villages which have not yet been surveyed, and the detached revenue-free plots situated in khalsa villages

(f) Column 2 states the whole area of the State according to the Census of 1911. Column 3 states the areas of Bhandarwa and Panch, and also certain unsettled areas and certain frontier tracts which are not directly looked after by the Revenue Department of the State

Column 2.—The definition of the term "forests" is as follows:—"Any land classed or administered as forest under any legal enactment dealing with forests." Any cultivated areas existing within such forests may be excluded and entered in column 6 (net area cropped), explanation being given in a note

Column 3 includes all land absolutely barren, and also all land covered by buildings, water, roads or otherwise appropriated to uses other than agriculture

Column 4 includes groves not classed in the cropped area. Areas under bamboos and thatching grass, when not forming parts of forest areas, are included in this column

Columns 8 to 13 state the area actually irrigated during the year, areas cropped more than once being counted once only

(a) See note (a) on page 6

(b) Figures for 1909-10 repeated

(c) Column 2 states the area of reserved forests within surveyed villages

(d) Column 2 states the areas of forests left unassessed. Forests in this State having not been demarcated, figures in columns 3 and 4 also include same forest areas. Column 4 states areas of land left uncultivated for over three years, of *bir* (grass lands) and of pasture lands. Column 5.—The maximum period for which land thrown out of cultivation is reckoned as fallow is three years

Columns 14 to 18 state the gross area of irrigated crops, areas cropped more than once being counted as separate areas for each crop. This accounts for the excess in some cases of the total area of crops irrigated (column 18) over the total area irrigated (column 13)

(a) Figures for 1909-10 repeated

Table II—continued

Column 2 states the areas of State and district forests and of plantations.

Column 3 includes not only lands absolutely unfit for cultivation, but also lands reserved for pastures, and plantations intended for public use and therefore left uncultivated. A large portion of the pasture lands is fit for cultivation, and is given out for cultivation from time to time under special orders, such lands when given out for cultivation being transferred from column 3 to 5 or 6 as the case may be.

Column 4 states unoccupied assessed waste.

Column 5.—There is no system of fallows, that is, lands are not systematically left uncultivated for the purpose of giving them rest. Individuals occupy large areas and pay full assessment thereon, leaving portions uncultivated, generally for the use of their cattle. For purposes of account the difference between the areas of the lands occupied by individuals and of those actually cultivated by them is taken as fallow. The lands occupied and assessed are sometimes unfit for cultivation, having been taken up on full assessment merely for use as pasture; but the exact area of all such lands cannot be ascertained, though it cannot be large.

(a) Included in column 3

Bharatpur—Column 2 includes grass preserves (locally called the State *Rundhs*) and hills. Column 4 includes areas out of cultivation or which have not been cultivated for the last four years or upwards, but excludes State grass preserves (*Rundhs*). Column 5—the maximum period for which land thrown out of cultivation is reckoned as fallow is three years. Column 8 includes area irrigated from the Bareta Bund, constructed by the State Public Works Department

Note.—In this table are entered the areas actually sown, whether the crop comes to maturity or not, except in cases when fields, owing to the failure of the first sowings, have been devoted to other crops: in such cases the area first sown is omitted. In cases where two or more crops are grown together, an estimate is made of the area covered by each, and the areas so estimated are separately returned. The estimate is made by the village accountant, or is subsequently determined on formulae prescribed by authorities.

(a) See note on page 47

(b) Figures for 1909-10 repeated

(c) The areas under mixed crops are shown under the principal crop, as it is not possible to differentiate the areas of the respective crops

See explanations given in the foot-notes (page 40)

- (a) Details not available as no records are maintained by the State
 (b) Includes 7,920 acres for which details of crops are not available
 (c) Includes 27,059 acres for which details of crops are not available
 (d) Figures for 1909-10 repeated
 (e) Includes 37,527 acres for which details of crops are not available

Note.—Animals in towns, cities, and cantonments are included where it is possible to secure their enumeration. Oxen and buffaloes not old enough for work or to produce young are classed as "young stock".

(a) Cattle census is taken by the police every year after the bhairi or inspection in November. Animals in towns are included

Note.—Until 1898-99 statistics were collected every year by the shanbog and patel of each village by enquiry or inspection. Since that year a census is taken every five years as nearly as possible simultaneously throughout the State. The last census was taken in January 1911. Stock in municipalities has been included since 1896-97.

*No information

Entry 2 (a).— Areas held revenue-free or at privileged rates should be deducted, but the deduction need not be made where such areas are in any case less than an entire village, and where there is any difficulty in estimating the corresponding deduction to be made in the population head 10. Areas should not be entered in this column merely because the assessment due from them has been suspended or remitted on account of short crops, or for other special reasons.

Entry 3.— This column should be sub-divided into (a) total fully assessed area for which returns are available, and (b) area cultivated out of the area given in head (a). The latter head should be equal to the former after deducting current fallows and fully assessed waste.

Entry 4.— Where land revenue includes the zamindar's share, the net demand should be entered, and the table should state the payments due by the zamindars to Government, not those by the raiyats to the zamindars. The actual realisable demand for the year should be entered, after excluding arrears for past years. Sums remitted on account of unoccupied lands, short crops, etc., should be excluded. This column should include all the heads classed as "Land Revenue" in the Civil Accounts.

Entry 5.— The population in entry 5 is that of the last general census.

†Narsingarh—Item 1 states the net area by revenue survey as shown in column 4 of table I. Item 2 (a) includes forest areas (column 2 of table II) and uncultivable (column 3 of table II) and culturable land not possessed by any cultivator. Item 2 (b) states the area of minor muafis. Item 3 (b) includes fallow lands left uncultivated for three years or less as full cultivation rate is assessed on them.

See explanations given in the foot notes (page 98)

* These are *khalsa* or State lands only. The whole area of the State according to the census of 1901 is stated in table No. 1

† Not reported

** *Alwar*.—The classes of tenure are zamindari and village communities, the former comprising *zamindari-bil-ijmal* and the latter *pattidari* and *bhaiyachara*. Item 1 states the area by village papers (column 5 of table I). Item 2 (a) shows areas covered with forests (column 2 of table II) which are wholly revenue-free.

†† *Jhalawar*.—The whole area stated in this table is classed as "Khatedari," and "Walandari" equivalent to "raiayatwari" and "zamindari," respectively. Item 1 excludes entire villages held by jagirdars and ndakdars.

Column 2 states the net area by survey (column 4 of table I)

Column 4 (a) includes area not fully assessed which cannot be separated from area fully assessed

Column 5 states "Land Revenue" as defined in the Civil Accounts, and includes cesses which cannot be separated from the land revenue

Column 8 states only ordinary land revenue with cesses

Columns 9 and 10.—The figures in these columns represent the incidence of land revenue on areas both fully and partially assessed

Column 11 includes population of area not fully assessed which cannot be separated from that of fully assessed area

Column 1.—The State area leased to cultivators for a fixed term is returned as *raiayatwari*. The area leased out on condition of proprietary rights being given to lessees if they reclaimed land within a fixed term is returned as *zamindari—temporarily settled*; and the rest of the area (i.e., the area remaining after deduction of the *raiayatwari* and the temporarily-settled *zamindari* areas from the total area), is entered as *zamindari—permanently settled*.

Column 3 includes *muafi*, *chauth*, and *istimrar* areas.

Column 6.—The population stated is that of the last census.

Column 11 shows the total population in cases where separate figures for areas fully and not fully assessed are not available.

TOTAL	...	5	6	126	257	257	131	447

Note.—It is optional with the local authorities to enter or omit transfers of lands held by tenants. The following rules have been prescribed for the preparation of this return:—(1) Changes of entry due to succession, partitions or simple mortgages, are not really transfers and should be excluded from the table, as also should redemptions of mortgage. (2) All temporary transfers, such as leases, should also be excluded, but mortgage with possession should be treated as a transfer and entered in the table. (3) All transfers made by order of a court should also be included in the table. (4) The word "court" in the entry "by order of court" should be held to include a revenue court.

(a) Mysore.—Only permanent transfers are included as by sale or gift, in which the parties concerned apply for and obtain transfers of revenue registry in the village accounts from which the table is compiled. Thus, changes of registry under orders of civil and revenue courts, as well as those effected in consequence of the sale of land for arrears of Government revenue are included.

(b) Alwar.—Transfers by mortgage with possession, sale, and gift, both of proprietary and of occupancy rights, whether by order of court or by private contract, are shown in this table. Property confiscated by order of a criminal court, and holdings transferred by order of a civil or revenue court in satisfaction of money decrees or arrears of Land revenue respectively are thus included.

APPENDIX

Vernacular terms used in the Explanatory Notes

- Bhaigachara* (Alwar).—Villages held by a number of families, by possession without reference to shares.
- Bir* (Narsingarh).—Grass lands.
- Bunds* (Alwar).—Embankments.
- Chauth* (Bharatpur).—Land paying one-fourth of the rental.
- Inám* (Mysore).—Wholly or partially revenue-free tenure; *minor ináms* are plots of inám lands situated in a village, whether Government or inám.
- Istamdar* (Gwalior, Indore, Bharatpur).—A tenure which, though the revenue is assigned, is charged with a permanently fixed quit-rent.
- (Alwar).—A tenure which, though favourably assessed, is charged with a permanently fixed quit-rent.
- (Bharatpur).—Land paying a reduced permanently fixed *jama* (assessment).
- Jagir* (Mysore, Gwalior, Kishangarh, Kotah, Narsingarh).—Land granted revenue-free on condition of military service or as a charitable endowment.
- (Indore, Barwani).—Land granted revenue-free on condition of military service or as a charitable endowment or in recognition of good services rendered to the State.
- (Bikaner).—Land granted revenue-free on condition of military service.
- (Alwar).—Assignment of land revenue, with or without condition of military service and payment of commutation dues, granted in recognition of meritorious services to relations of the ruling chief or other high officials of the State.
- (Kishangarh).—Land granted revenue-free on condition of military service either actually rendered or fulfilled by a rateable money contribution.
- Jagirdar* (Jhalawar).—Holder of jagir land.
- Jodi* (Mysore).—A whole inám village paying quit-rent to Government.
- Kayamgutta* (Mysore).—A whole village granted by the State on fixed money-rent.
- Khalsa* (Gwalior, Jaipur, Bikaner, Marwar, Bharatpur).—Land paying full revenue to the State.
- Khatedari* (Jhalawar).—Same as *raiya*.
- Muafi* (Gwalior, Alwar, Kotah, Bharatpur, Kishangarh).—Land granted free of revenue.
- Out-bandi* (Indore).—Assessment of revenue calculated at a fixed rate per plough.
- Patel* (Mysore).—Village headman appointed by Government.
- Pattidari* (Bikaner, Alwar).—Villages held by a number of families, by shares, ancestral or customary.
- Palwari* (Narsingarh).—Village revenue officer or accountant.
- Raiyatwari* (Bharatpur).—State area leased to cultivators for a fixed term.
- Rundhs* (Bharatpur).—State grass preserves.
- Sarvamanayam* (Mysore).—An inám village, wholly revenue-free.
- Shanbhóg* (Mysore).—A village accountant appointed by Government.
- Tanku* (Gwalior).—Estates held by certain families who were in power when the country was annexed and who were left in possession of their estates on payment of a fixed annual tribute, or *tanka*, bearing but a small proportion to the annual assets.
- Ubari* (Gwalior).—Land held at an abatement of the full land revenue.
- Wazendari* (Jhalawar).—Same as *Zamindari*.
- Zamindari* (Bharatpur).—Estate on a fixed assessment under a deed of permanent ownership granted by the State.
- Zamindari-bil-ijmal* (Alwar).—Villages held jointly by a body of owners.
